Copenhagen, 2016
Stoneware and glaze

Measurements

25 ø cm x 35 h cm.
9,8 ø in x 13,7 h in.

Details

Unique piece

About

"The vessel is my object of choice.- Says Morten- An archetypical form I've spent 20 years making variations on, from the functional and modest, to the aesthetic and sumptuous. Clay is my material of choice, because it contains so many possibilities: a plastic, amorphous material of incomparable formability that can be fired into imperishable, precise forms."
