Biography

Guillermo Santomá is a designer living and working in Barcelona.

Born in 1984, after getting a MA in design from Elisava Barcelona, Santomá attracted attention to his work after his total transformation of Casa Horta – an architectonic, artistic intervention in a traditional horta-house from the beginning of the 20th century. Santomá places himself somewhere in-between architecture and design and creates complete environments for his work to act in.
