Bio

Marcin Rusak (born in 1987, Warsaw, Poland) is an artist and multidisciplinary designer interested in ideas of value, ephemerality and aesthetics. Specializing in storytelling, process and material investigation his work often incorporates research, object and installation as well as visual creations to explore overlooked details of our lives which recreated and re-imagined are shown again in a different light.

As the son and grandson of flower growers he has long been fascinated by these natural sources of inspiration and decoration. Engaging them in his creative process began by reusing waste to investigate new decorative elements within every day objects and led to a rich body of work ranging from research and storytelling to cultural criticism around consumption and future scenarios.
