## Concept

"Filter" is a series of lighting which utilises the material properties of High Macs combined with cast resin to filter a light source, highlighting the material's hidden qualities. Patterns and colours which do not reveal themselves when the light is in its off-state are exposed and celebrate once the lights are lit-up.

## Bio

Sabine Marcelis is a designer living and working in Rotterdam the Netherlands. Raised in New Zealand, she studied industrial design for two years at Victoria University of Wellington, and continued her studies at the Design Academy Eindhoven, where she graduated in 2011. Since graduating, she has been operating Studio Sabine Marcelis, working within the fields of product, installation and spacial design with a strong focus on materiality. Her work is characterised by pure forms which highlight material properties.
