Biography

Percival Lafer (Brazil, 1936) is a Brazilian designer pioneer of the Modernist movement. He combines low-profile hardwood structures with plush leather upholstery. "I've always been drawn to the motion features of furniture," he's said. "The engineering and design work that goes into its mechanisms is fascinating and fulfilling." Born on April 12, 1936 in Brazil, he studied at the *Mackenzie Presbyterian University College of Architecture* in São Paulo. After graduating, his father passed away and he and his brothers took over *LAFER*, his father's furniture company. The designer currently lives and works in Campos do Jordão, Brazil.
