About

Bergboms was a company founded in 1940 by Efraim Ljung. The lighting company, based in Sweden, remained active throughout the post-war years. Many of the designs are anonymous, but designers such as Aldo Londi (b.1911, Montelupo, Italy - d.2003) and Greta Magnusson Grossman (b. 1906, Helsingborg, Sweden - d.1999, L.A., California) produced iconic pieces for the brand, such as Aldo Londi's glazed ceramic table lamps (ca. 1960s and 1970s) and Greta's G33 Gräshoppa lamp (ca.1947).
